New Charity Partnership

Responsible Business Manager for Kenny Waste Management, Alex Mayes, said:

“We’re thrilled to be working with Salford Foundation enabling individuals to fulfil their true potential. The pandemic has impacted a significant number of people and now is the time to help those who face challenges switch careers, access training, or get back into employment. Over the next twelve months, our partnership will create new pathways to work, and our team will help deliver employability workshops and volunteer their time to have a real impact in our community.”

Following a successful application, Salford Foundation has secured funding from Peter Cruddas Foundation.

This project aims to increase young people's motivation, confidence, resilience and readiness for working in sectors with the most training and job opportunities in the post Covid-19 Greater Manchester economy.

This project will be delivered through Salford Foundation's Targeted Adult Services programmes.

The aims & objectives of the project is to get more:
