

Hate Crime Statement and Support for Victims (Appendix 1)

As part of our commitment to equality, diversity, and inclusion, we recognise the importance of having a specific **Hate Crime Policy** and adopting a zero tolerance to reduce the incidence of hate crime. We are developing a new Hate Crime Policy and will publish this in **April 2024** on our website.

We want to protect and support all members of our community, including people who are at risk of hate crime and people who have experienced hate crime as well as people who may commit hate crime. The following information is a list of resources and support for victims of hate crime including how to report hate crime.
