

THE LOOP

Issue 18 | June 2025

“We are immensely proud of the work we’ve done this year to tackle disadvantage and help 11,350 individuals to change their lives. The impact we’ve achieved with and for all these people through the work of our charity is outstanding. I’m therefore pleased to share our Impact Report for 24/25 with you.

Moving on from what we’ve achieved now to what comes next, we’ve also just launched our new 5-year strategy. This sets out how we’ll create an even bigger and deeper impact by 2030. Further details can also be found in this issue. We’re passionate, ambitious and determined to work with our partners to help more people tackle disadvantage and change their lives in the years ahead. Thanks for all you do in support of our work.”

THE LOOP

Starting as a small charity in Salford in 1989, we've grown and diversified, helping tens of thousands of people over the past 35 years. As society and our communities have changed, we've also learnt, innovated and adapted to meet evolving needs and respond to new opportunities.

Unfortunately, our work is not finished. Injustice, inequality and disadvantage still prevent many from overcoming challenges and reaching their full potential. So, we're determined to help more people and make an even bigger impact across Greater Manchester by 2030. We're ambitious, passionate and determined to play our part in tackling disadvantage and changing lives.

THE LOOP

We've set ourselves three priorities which will help us achieve this goal.

Best start in life

We aim to provide children and young people with the best start in life, focusing on issues like education, parenting, healthy relationships, well-being, and life skills to enhance their future opportunities.

Working futures

Our goal is to help everyone reach their potential and contribute to society. We aim to inspire young people for future careers and support adults in gaining skills for living wage jobs. We will promote volunteering and meaningful employment, ensuring everyone can secure a fulfilling future.

Strong & safe communities

We aim to empower everyone to reach their potential and contribute to society. Our goals include inspiring youth for future careers, helping adults gain skills for a living wage, promoting volunteering, and supporting alternative meaningful employment. Ultimately, we want everyone to achieve a fulfilling future.
